

## CFT PROGRAM

When a country supports the CFT program it means that you can process payouts for this country, and vice versa – when a country does not support the CFT program, you cannot process payouts for this country, but only refunds (amounts not higher than the initial deposit).

If the country is not CFT supported you wouldn't be able to credit more than the originally deposited amount.

Below are the countries which are CFT supported for **MasterCard**:
